Manuals > **B** General Information and Regulations

B General Information and Regulations

B01 Presentation Of Exhibits

Exhibitors must present their exhibits throughout the period of the exhibition from 18-20 September. **Exhibitors are not allowed to remove his exhibits from the exhibition floor prior to the official closing hours of the exhibition.** Every exhibitor should have an authorised representative present at the exhibition stand throughout the show period and during the installation and dismantling of his/her exhibits.

Exhibitors should display their products and items as mentioned in the Exhibition Space Contract. Organiser reserves the right to close down the stand whose exhibits are not match the theme of the exhibition without refund of the participation fee.

B02 Control & Use of Exhibition Stand

1. All displays shall not obstruct the view of adjoining exhibits nor be operated in any manner objectionable to other exhibitors. The organisers reserve the right to remove or modify any exhibits whose fittings or operations are considered, under the Regulations, unsuitable, noisy, obnoxious, objectionable or dangerous to the exhibition, the visitors or neighbouring exhibitors. All costs incurred for the removal of such exhibits shall be claimed on the exhibitor.
2. The volume of any performance should be controlled properly so as not be disturb the other exhibitors.
3. Access to stands must be provided at all times for officers of the official safety services and other government authorities concerned for inspection purposes.

B03 Admission & Age Limit

Admission for Venue Inspection before the Exhibition Period

Entry to the site for inspection and survey before the exhibition period may be allowed if prior arrangements are made with the organisers.

Admission during the Exhibition Period

1. Admission will be allowed by badges issued by the Organiser only; identification badges are not transferable.

2. Admission badges for all local Chinese staff of foreign representative offices, foreign business agencies and joint ventures who need to enter the exhibition halls to work at the stands will be issued by the Organiser at the fair.

Age Limit

The Fair is open to buyers and trade visitors. As the exhibition is for TRADE ONLY, no persons under the age of 18 are permitted either as a visitor or an exhibitors.

B04 Insurance & Liability

Exhibitors are responsible for taking out public liability insurance against injury to persons and property of others on their stand, along with their exhibits and merchandise moving to and from the show and during the show. Each exhibitor should have a valid and adequate insurance cover of no less than £ 0.4 million (RMB4 million) against public liability. Exhibitors should contact their insurance broker to cover their exhibits and exhibit materials. The Organisers will not be held responsible for any loss of, or damage to, exhibits and personal items. **Exhibitors are reminded of their legal liability for their representatives, which also includes their contractors and sub-contractors.**

Liability

1. The sponsors, hosts and organisers are not responsible for loss, theft or damage by fire or injury of any nature to any person or article. Reputable guards will be on duty day and night, but will not be a guarantee against loss.
2. Each exhibitor participating in the exhibition needs to indemnify the organisers against all claims of all kind against the organisers, due to or in any way, connected with their participation in the exhibition.
3. The organisers are not liable to the exhibitors or their agents or employees in respect of any direct or indirect damage, loss or injury, to persons or property arising out of or in any way, connected with the exhibition.
4. The sponsors, hosts and organisers shall not be liable for loss, damage, delay or cancellation as a result of any unforeseen reason or resulting from acts of war, civil commotion, strikes, economic blockade, terrorist attacks, military activity or any other circumstances which shall render it impossible or inadvisable for the organisers to hold the exhibition at the time and place provided. The organisers reserve the right to reschedule the exhibition at a later date. Exhibitors have to acknowledge that the organisers will have sustained damages and losses as a result of the foregoing as well, and shall and do hereby waive all claims for damages or compensation. The sums paid to the organisers as fees or otherwise in connection with the exhibition shall remain the property of the organisers.
5. In the case an exhibitor withdraws from the exhibition after confirmation of participation by the organisers, all payment made shall be forfeited. Notice of withdrawal must be made in writing to the organiser who shall arrange for reallocation of such space which does not necessarily entitle the exhibitor the right to claim for refund or any payments made, or release from any sums of which he has already committed or become liable to.
6. The sponsors, host and organisers bear no responsibility for any errors or omissions in the exhibition directory, which is compiled from the information supplied by the exhibitors and/or their agents.
7. The sponsors, hosts, co-organisers and organisers are not responsible for any loss, damage, or delay incurred in freight shipments (transport, handling and clearing) into and out of P.R. China. Exhibitors are urged to adequately insure all shipments.

B05 Exhibit Demonstration And Operation

1. Exhibitors must provide prior notification of an intention to operate a machine with a description of function and safety controls (including potential hazards, controls to power failure, etc). Please compile a Contractor Risk Check Form (please refer to Form 07). Exhibitors may be required to demonstrate their operation to the safety officers during the move-in.
2. Exhibitors must ensure that their exhibits will fit within the space ordered. All moving or hazardous parts should be set back at least 0.5m from the aisles and no protrusions of any kind allowed into the aisles.
3. Exhibitors must nominate an individual to be responsible for machinery safety and the stand will always be manned by a competent operator, within safe operating guidelines and with knowledge of relevant emergency procedures.
4. Exhibitors must have a plan for power failure in the halls. Machines should have failsafe capability if power is suddenly lost.
5. Only trained operators with the correct PPE should handle or operate machinery. Visitors should only observe from a safe distance.
6. No hazardous chemical is allowed unless the exhibitor obtains prior permission from the organisers. Hazardous chemicals may only be allowed into the halls if they are essential to the exhibit and only on the basis that a proper assessment is conducted for the safe use, handling and storage of the chemical with an emergency plan to deal with a casualty or spillage.
7. Exhibitors with moving machinery should not be wearing ties, loose clothing or have long hair which is not tied up. Visitors must be prevented from getting too close to moving machinery.
8. Exhibitors must ensure that working exhibits being demonstrated do not emit radiation or gases likely to be harmful to human life e.g. laser, toxic gases.
9. Any machine or apparatus can only be operated on the stand, and operated and supervised by qualified persons. No motors, engines or power driven machines are to be used without adequate fire-protection measures taken by Exhibitor.

B06 Ceiling Hanging Point

No hanging object is allowed in the exhibition centre without permission. To apply for hanging structures, please submit Form 14 - Hanging Point on or before 2 August or contact:

Stella Zhu of Mega Expo

Tel : +86 21 5445 3125

E-mail : stella.zhu@megaexposhanghai.com

The hanging points cannot be used to fix or stabilise any stand structure connected with the floor.

If the stand is located close to the walls, no hanging points may be available.

B07 Forwarding Services

Well Expo Logistics (Shanghai) Co., Ltd. , our Official Freight Forwarder will provide complimentary transport service for moving your exhibits from the loading zone to your stand during the move-in period and from your stand to the loading zone during moveout period. The staff of Well Expo will wear green vest with "运费" logo.

B08 Transport Pass And Charges

1. Vehicle enter into loading area
 - a. Vehicles over 0.5 tons should be applied for Vehicle Queue Pass on 8-15 September in Vehicle Pass Management System via official WeChat of SNIEC (ID: SNIEC_SH) or official WeChat of Pudong Huishenghuo (ID: huishenghuo-pudong). Print Vehicle Queue Pass on an A4 paper and present on windshield of the Vehicle. During move-in, enter into P3 parking lot of SNIEC at the designated time, and other time will not be allowed to enter the surrounding area of SNIEC.
 - b. Along with Vehicle Queue Pass and Contractor Move-in Pass to applying for Vehicle Pass in P3 parking lot of SNIEC.
2. A "Transport Pass" must be obtained at the exhibition centre's pass management office before driving vehicles into the loading areas. The pass management office is located in the South Entrance Square, please enquire at the Customer Service Centre in the lobby for assistance.
3. A "Transport Pass" is RMB 50/vehicle with a RMB 300 deposit . The refund of the deposit is based on the presentation of the "Transport Pass" as well as the deposit receipt after the timely completion of the loading. Any loss or damage of the "Transport Pass" will result in the deposit being forfeited.
4. The time limit for loading is 1.5 hours. An overtime charge will be assessed at RMB 100 for every 30 mins (minimum charge).
5. Once the loading is finished, vehicles should depart immediately to avoid unnecessary traffic congestion for which the deposit will be deducted.

B09 Storage

The Organiser will provide designated areas for the storage of the empty packaging boxes/packaging materials with free of charge, however, the Organiser will not take any responsibility of the loss of goods stored in these area. We would highly recommend that you use the paid storage service provided by the official forwarder. Any empty boxes/packaging materials placed outside of the designated storage areas will be discarded without prior notice.

B10 Overtime Working Hours and Fees

Overtime Working Fee:

15-17 September (18:00-22:00)	15-17 September (After 22:00)	21 September (After 0:00)
RMB1,300/booth/hour	RMB2,600/booth/hour	RMB5,200/booth/hour

Remarks : Please apply for the overtime working hours through Mega Expo, the Official Contractor before 1700hrs each day.

1. The Overtime Working Fee includes general exhibition hall lighting and security service except air conditioning.
2. According to the labor protection regulation, no overtime working after 2400hrs is permitted. An urgent overtime working after midnight must be approved by the exhibition center.

The Overtime Working Hours must be applied via Mega Expo before 1700hrs each day. Mega Expo will get the approval from the exhibition service centre.

B11 Move-Out, Dismantling and Cleaning

A. Move out concrete schedule

Move-out Permit Distribution Hour 14:00, 20 September	The Move-out Permit will be distributed to your stand. Please keep it safe all the time. Exhibitor shall be responsible for the security of their exhibits and property. If exhibitors need additional Move-out Permit, please approach to Mega Expo, the Official Contractor at the service counter.

Truck Entry to Halls 19:00, 20 September	Trucks should follow the instruction of onsite staff to enter and leave the hall.

B. Move-out Administrative Regulations

1. No exhibitor is allowed to remove his exhibits from the exhibition floor prior to the official close of the exhibition: 17:00 on 20 September.

2. No stand may be dismantled or removed in part or in whole before 17:00 on 20 September. Stand contractors cannot access the exhibition centre before 17:00 and vehicles are not permitted into the loading areas until 19:00 on 20 September.
3. Exhibitors/contractors must leave the venue and stands in the same condition as they found them. Damage caused by the exhibitor/contractor's installation shall be assessed by the Organisers and the cost of reinstatement and restoration shall be charged to the exhibitor/contractor.
4. Exhibitors/contractors are responsible for the removal of all items belonging to them, such as stand building materials, structures, fittings and waste from the exhibition centre (including the exhibition hall, unloading platforms, the square, the parking lot, surrounding roads). Sites must be completely cleared of exhibitor's/contractor's belongings not later than 22:00 on 20 September after which the Official Contractor-Mega Expo has the right to remove all objects found at the cost of the exhibitor/contractor and deducted from the deposit.
5. A Move-out Permit from the Organizer is required to remove exhibits from the hall.
6. The exhibitors and contractors must follow strictly the dismantle time schedule and regulations announced by the Organizer.
7. All on-site working staff must wear safe helmets during the dismantling period. Workers shall operate with care in order to prevent accidents. Exhibitors are responsible for any losses caused by their own workers.
8. The waste oil produced by your equipment during the show shall not be dumped in the gutter. Please contact Mr. Gao at 13167249540 for the waste oil disposal service.

C. Refund of Deposit

7 days after the exhibition, official contractor will receive the information from the venue. Exhibitor/Contractor can claim back his/her deposit when there is no electrical box or facility damage as well as the booth is cleaned up. The Official Contractor-Mega Expo will refund the deposit to the exhibitor's according to the provided information within 30 working days.

D. Reminder for stranded in exhibition hall & OT charges

1. Read thoroughly online exhibitor manual and see Form 13.
2. Read move in & move out notice when receive of the deposit receipt from Mega Expo.
3. Take note to the notice of all entrance of exhibition hall.
4. Be aware of the broadcast and msg.

E. Definition of stranded & OT, evidence

1. No matter what you are doing, either build up the booth or testing your exhibits, stranded in the exhibition hall after the official move in and move out hours, will be deemed as OT, even you have nothing doing. Official contractor is engaged with the rights to deduct deposit to compensate the relevant fees. Exhibitor and contractor is requested to close the mainpower of the booth, otherwise, it will be deemed as OT too.
2. Official contractor is engaged the rights to deduct deposit to compensate the OT fee should he did not receive OT payment from exhibitor and his contractor. Exhibitor shall pay for his own OT fees, at the same time, the contractor is required to coordinate with his exhibitor when exhibitor do not pay for the OT fee.
3. Official contractor will take pictures and videos as evidence after official hours. Either exhibitor or contractor OT will be charged. Official contractor will deduct deposit no matter who paid for it.
4. OT caused by logistic reason, please approach to official forwarder in advance, official contractor do not get involved to the logistic arrangement, he just record the evidence of OT.

F. Definition of cleaning, garbage, OT charges

1. Finish cleaning means all the garbage are all clean up besides the booth area. Official contractor do not take the photo from exhibitor or contractor as evidence. All cleaning is required to be finished before 24:00, 20 September. Organizer, exhibition hall and official contractor will take pictures and videos after 22:00. Any garbage left around exhibition hall area will also deem as OT.
2. Official contractor will clean up all the left garbage on 24:00, 20 September. Any booth still dismantling or cleaning will be deem as OT. Any booth come back to clean up the booth after 24:00 will be charged both OT fee and cleaning fee.
3. Exhibitors/contractors are responsible for keeping the electrical boxes after they have been rented. Please take care of the electrical boxes during move-in and move-out.

B12 Recycling Service

There is a designated recycling supplier in the exhibition centre. They provide recycling service for the removal of stand materials, waste and debris on move-out. The recycling office, Room E6-B2B, is located outside Hall E6. Please consult the on-site organisers' office for this service.

Recycling Office:

Tel : 86 021 2892 8684, Fax : 86 021 2892 8686, Contact person : Mr. Chen 1893 0783 426, Mr. Xu 1376 1553 128

B13 Hall/Stand Cleaning

The organisers will arrange the general cleaning of the exhibition hall (e.g. aisles) and stands prior to the opening of exhibition, and daily thereafter. The cleaning of the raw space stand will be taken care by the exhibitor or their contractor. The cleaning of the deluxe shell stand will be done by the Organiser.

B14 Catering And Flowers

There are designated catering and flower suppliers in the exhibition centre. Other suppliers are not allowed to operate in the exhibition centre. Food from outside catering companies is not permitted.

B15 Security

During the entire exhibition period, although official security guards will be provided by the organisers, exhibitors are responsible for the security of their exhibits, property, and personal effects. Any loss or damage shall be at their own risk.

B16 No Smoking

Smoking is prohibited within the exhibition area, except in the special areas designated by the organisers. The exhibitor/contractor shall be held responsible for any damage or loss caused by his/her smoking in the exhibition area. Any violation shall be fined at RMB 50/occurrence by the Organiser.

B17 Inflammable, Explosive And Dangerous Goods

All flammable, explosive, hazardous and dangerous goods are not allowed in the hall.

B18 Environmental Guidelines

Everyone involved in the exhibition has a role to play in reducing the amount of material and energy used. Here are some guidelines to make your participation more environmentally-friendly and remember**REDUCE, REUSE, RECYCLE.**

Pre-show

1. Plan what you wish to distribute – don't print and ship more than you need. Source environmentally-friendly promotional handouts or gifts.
2. Plan special design stands/features, etc in order that these can be prefabricated, then dismantled at the close of the show.

Show period

1. Don't distribute material in plastic bags and be selective when handing out material.
2. Eliminate PVC banners and signs, use cotton or paper instead.
3. If building a raw space or special design stand, limit the height and construction based on reusable system materials and hired furniture, minimize specially constructed items (counters, display platforms etc).
4. Use non-VOC, water based paints and glues, or linseed oil paints.
5. Install CFL or LED lighting, using less energy and lasting longer
6. Use recyclable carpeting, a natural alternative such as cork or recycled rubber matting (or none at all).
7. Keep packing materials and containers to a minimum.

8. For catering, use recyclable materials for crockery and cutlery; or use glass, china that can be washed and reused.
9. Use recycling bins for garbage disposal.

Post-show

1. Dismantle, don't demolish – disposing of into local landfills is not a viable solution.
2. Reuse packing materials for transportation.
3. Take away unused promotional materials etc and use later.

Remember – REDUCE, REUSE, RECYCLE!!!!!!

Note: The above information supplied by Shanghai New International Expo Centre is correct at the time of printing and may be subject to change without prior notice.

B20 Other Information

China Visa Applications

All foreigners must obtain an entry visa before proceeding to China. For a visa application, all exhibitors are required to have an Invitation Letter from the Chinese Authorities. Please send your request for the Invitation Letter to us via service-trust@ubm.com. Upon receipt of exhibitor's completed visa application, the organisers will coordinate and forward the application to the Chinese authorities for issuing an Invitation Letter. This letter will be ready within 14 days and will be sent to your company by fax or express mail.

Passports must be valid for 6 months beyond the intended date of entry to China.

Customs & Excise

Tax is normally not paid on all displays, stationery and drinks to be consumed in the exhibition hall. However, import tax may be charged on souvenirs and gifts. In order to avoid complication, exhibitors are encouraged to abstain from distributing gifts at the stand, except in very small quantity. If the gifts are too expensive, too large in size or are electronic products, the Chinese customs office may refuse clearance even if the carrier is willing to pay the import tax. Exhibitors are therefore advised not to carry these in their personal luggage. Slides, video, movies and all literature for distribution in the exhibition must be vetted and approved by Chinese Customs in advance. For details, please refer to the manual concerning freight forwarding.

Credit Cards

Small hotels, shops and restaurants only accept cash. You are therefore advised not to rely entirely on credit cards for your daily expenses. Only major hotels and high-class restaurants accept credit cards; MasterCard, Visa and American Express are most commonly accepted in China.

Medical

Please bring with you prescribed drugs you may need since these might not be available in China.

Please also ensure that you have appropriate medical insurance, and be aware of how the coverage applies in Shanghai, should medical attention or hospitalization be required. Hospitals will normally require cash or a credit card in advance before they will admit a patient.

Weather

The temperature in Shanghai in September is normally around 25-30 °C.

Arrival Formalities

Health declaration, entry card and the Customs Declaration forms are normally presented to you by the aircrew before landing.

If you are hand carrying exhibit items or publicity literature, please declare these at Customs. Should difficulties of clearance arise, request that the cargo be customs bonded. You will be able to debond and clear the same article at the

exhibition halls with the on-site Customs officers. For details, please contact the official freight forwarder.

Note: If you are hand carrying exhibits and other items into the exhibition venue, please ensure you declare the same to the on-site customs officer. Otherwise, it would not be possible for you to carry it out of the halls.

General Regulations

1. The control of the exhibition is vested, at all times, in the organisers whose decision is final and binding on all exhibitors and contractors.
2. Exhibitors shall be bound by the conditions, rules and regulations set forth in the contract and any changes must be made in writing and signed by the organisers, who shall have full power to interpret and to make or amend these rules provided that such amendments and additions do not operate to diminish the rights reserved for the exhibitor under this application, and shall not operate to increase liabilities of its organisers or sponsors.
3. The organisers shall have the right, without appeal, to resolve all cases not provided in the regulations in this manual.
4. Exhibitors agree to observe by all regulations contained in this manual and further amendments and addendum where required by signing the Application Form with the organisers.

Manuals > **C** Stand Construction and Management

C Stand Construction and Management

When an exhibitor appoints an outside contractor to build their stand or an exhibitor builds their stand by themselves (if an exhibitor is building their own stand, they are considered as an outside contractor during the move-in/out period), both the exhibitor and contractor must fully understand following information and regulations. Exhibitors and contractors are expected to comply with any building regulations, all government rules and regulations, and regulations laid down by the organisers. Exhibitors and contractors should also familiarise themselves with the F. G-Guide which is a global guide to health and safety standards, which is endorsed by the organisers.

C01 Constructor Insurance

Please refer to Form 05 which must be completed by the exhibitor and contractor before electricity rental and designs conformed.

C02 Stand Height Limits

Booth Construction Requirement

- One Storey Raw Space Booth

The height limit is 4.4m, the top of the booth must remain open and cannot be sealed (blocked). If the ceiling is made of glass or board material, 6kg dry powder fire extinguishers must be set up. There must be one for every 20 sqm of floor space; two for every 20 - 30sqm, and so on. If the ceiling is made of fabric material, there must be at least 20 cm between two single fabrics. In addition, there must be 1 kg sprayed flame retardant for every 5 sqm (1 kg for every 16 sqm for nylon or mesh cloth). If there are at least 60 sqm (including 60 sqm) in the custom-built booth, two exits are required.

- The maximum height for modified Deluxe Shell Stand is **4** metres.
- Two-storey Raw Space Booth

The height limit is 6m, the top of the booth must remain open and cannot be sealed (blocked). Net area of the booth must be at least 90 sqm (90sqm included). A two-storey raw space booth can only be built when all the fire requirements are met and relevant checking is approved. The limits of the building area: Two-storey area shall not exceed 1/3 of the total booth area; lower limit shall be more than 30 sqm and can only be used for business discussions. To ensure the safety of fire control, exhibitors shall set up 6 kg hanging powder fire extinguishers on the first deck, one for every 20 sqm, and two for every 20-30 sqm and so on. The design drawing of a two-storey raw

space booth must first be handed in to the Official Contractor Milton Exhibits. After a preliminary examination, the drawing must then be forwarded to HAH Consulting & Exhibition Co., Ltd. Shanghai, who was appointed by SNIEC as the official agent to examine two-storey raw space booths no later than 2 August, for approval.

If there is height difference between two neighboring raw space stands, the two exhibitors/contractors shall cooperate together and cover the back of the taller stand. Raw space stand exhibitors/contractors shall cover the back of their own stands if neighbored with deluxe shell stands. Exhibitors/contractors of raw space stands with double deck are responsible to cover the back of their stands at all times.

C03 Stand Design Drawings

All design proposals must be approved in advance by Mega Expo, the Official Stand Contractor. All designs must conform to all statutory requirements and those set out in this Manual, and include the following:

- Plan View, showing clearly all dimensions, walling and major exhibits.
- Elevation Views, showing clearly all dimensions, graphics, etc.
- Structural calculations/drawings proving structural stability, weight loadings, etc.
- Details of materials and fire protection.
- Contractor Risk Check Form and Site Safety Information (Forms 07 & 06 in this Manual)
- There must be a secondary exit / emergency exit door in the stand when a stand space is equal to 100 m² and above. Escape route to the exit should be at least 2m wide and clear of obstructions.

All drawings should be in a recognised scale, not less than 1:50 and should be emailed, on or before 2 August, to

Official Contractor: Mega Expo

Tel: 86 21 5445 3125 / 5445 3126

Fax: 86 21 5481 0933

Contact Person: Mr Lucas Lu / Mr Crown Lv

Email : yang.lu@megaexposhanghai.com

crown.lv@megaexposhanghai.com

Any modifications to stand designs must be re-submitted for approval, and stand installations on-site not complying with the most recent plan received by the Official Contractor will not be permitted.

Designs of all stands must be such that they can be safely built and dismantled within the move-in and move-out times specified in this Manual.

Contractor Verification & Move in Procedure

C04 Electrical Distribution Box, Water and Gas Supply

Please pay attention to the following : Raw Space Stand contractors must apply electrical link-up (Distribution Box) before 2 August. Please submit the Form 08-Electricity/Internet & Telephone/Water & Compress Air Rental in this Manual before the deadline. Late submission will incur surcharge.

C05 Charges And Passes

Construction Supervision Fee

Including design approval and supervision, fire control supervision, on site construction supervision, electricity using supervision, safety supervision.

Size of the Stand	Construction supervision fee (see Form 08)
≤36m ²	RMB500/booth
37-90m ²	RMB1,000/booth
≥91m ²	RMB1,500/booth

Damage Deposit/Performance Bond

1. A Damage Deposit/Performance Bond (cash) must be paid by the stand contractor to the Official Stand Contractor when they register at the exhibition site. This will be held against damages to Shanghai New International Expo Centre, and/or the disposal of extra waste left on-site after the event. Any breach of the organisers/exhibition centre's regulations may also cause the deposit to be forfeited.
2. It is the individual stand contractor's responsibility to remove all packing and waste materials from the SNIEC during both move-in and move-out. Garbage and waste materials from decoration work must not be discarded into the aisles & must be cleared. All material used must be removed during move-out and this must be done safely (no pushing over high pieces of stand, no smashing of glass panels etc). Failure to comply will result in the deposit being totally forfeited.

Damage Deposit / Performance Bond :

Size of the Stand	Damage Deposit / Performace Bond (see Form 08)
≤36m ²	RMB5,000/booth
37-90m ²	RMB10,000/booth
≥91m ²	RMB20,000/booth
Two-storey stand	RMB30,000/booth

Fee for Design Approval and Supervision of Double Dech Booth

The first deck: RMB25/m², the second deck: RMB50/m².

Contractor Pass

Contractor Passes cost RMB50/person. Please refer to attached "Contractor Pass Application Procedure".

Vehicle Pass

Vehicle Passes cost RMB50/vehicle/1.5 hours, deposit RMB300/vehicle.

C06 Registration Procedure For contractors

1. Raw Space Stand Contractors must register with SNIEC before 1 September. Please apply the Contractor Pass on <http://112.65.158.10:9092/FlowAndDownload.aspx> (<http://112.65.158.10:9092/FlowAndDownload.aspx>). Only registered contractors can apply Contractor Passes during move-in.
2. Raw Space Stand Contractors must pay the Construction Management Fee at the SNIEC Customer Service Centre and obtain the "Receipt/Construction License" on move-in.
3. Contractors shall show the Construction Management Fee "Receipt/Construction License" to the Official Contractor-Mega Expo at their counter in the lobby. Then contractors shall also pay the Damage Deposit to the Official Stand Contractor and obtain a receipt.
4. Contractors may apply for Contractor passes and Vehicle Passes from the venue by showing the Damage Deposit Receipt.

Only by following the above procedure correctly, will Contractor Passes and Vehicle Passes be issued. Only holders of OFFICIAL PASSES will be allowed access to the venue.

C07 Working Hour & Overtime Charge

Stand build-up period :	15 September	09:00-18:00 (Free overtime till 22:00)
	16 September	09:00-18:00
	17 September	09:00-18:00 (Free overtime till 22:00)
Dismantling period :	21 September	17:00-24:00

Stand contractors are required to work within these hours. Stand contractors must notify the Mega Expo, the Official Contractor before 17:00 and pay the overtime charges if they want to continue work after the above mentioned working hours. Please refer Form 13 for the overtime charge.

C08 personal Protective Equipment(PPE)

Please also refer to the F. G Guide.

Safety Helmets

As per SNIEC guidelines, all stand contractors working in the exhibition centre must wear safety helmets. Safety helmets are essential in the case of working at height, or being in the vicinity of contractors working at height. Please make sure that you wear your safety helmet properly, fitting the chinstrap to avoid the helmet falling off.

Footwear

Correct footwear protecting against nails, debris and etc are required for exhibitors/contractors working in the exhibition centre during build-up and dismantling.

Use of Tools and Equipment

Contractors are required to have any other PPE which are suitable for their work such as gloves, goggles, masks, earplugs.

C09 No Obstruction Gangways

Please also refer to the F. G Guide.

During the process of installation, construction and removal of stands, the gangways must not be used at any time for the storage of plants, materials or debris of any kind. The organisers may at their discretion order the removal of such objects and the exhibitors/contractors will be liable for the cost of removal.

C10 Stand Construction

1. Materials used for the construction and installation of the exhibition stands and any other structures must consist entirely of non-combustibles with a burning diffusion rate not lower than Class B1 as required by both the national and local fire-control regulations of Shanghai. Stretch fabrics which are inflammable are forbidden in the exhibition centre. Stand roof-sealing is forbidden. Raw Space stand should be equipped with at least one portable extinguisher.

2. Any behaviour which could hamper the normal operation of the fire protection system and central supervising system, including the fire-alarm bell contact, the fire hydrant, fire extinguisher and fire escape is forbidden.
3. According to fire regulations, there should be 50-60 cm clearance between the outer partition walls of the stands and the walls of the exhibition hall for safety inspection.
4. No objects can be attached to or suspended from the fire sprinklers or lighting fixtures on the ceiling. Spotlights and other heat-generating equipment should not be focused or be stationed near the fire sprinklers.
5. The organisers or exhibition centre shall be entitled to remove any form of construction or structure which is not approved or violates the above-mentioned guidelines. Exhibitors and contractors shall be responsible for risks and expenses that may occur.
6. Contractors must put a protective covering on the hall floor before any work commences, and shall be responsible for the repair of any damage to the floor due to the construction or dismantling of the stand.
7. No nails, adhesives, drawing pins, or similar materials or hole-drilling shall be applied to any part of the Shell Scheme booth or exhibition centre premises, otherwise, the exhibitor/contractor shall be responsible and liable for any damage caused. All stands must be self-supporting; no structure or other item is allowed to lean on or be fixed to adjacent stands or structure of the exhibition centre.
8. Only environment-friendly carpet and double-sided cloth adhesive tapes can be laid on the floor. Inferior carpets containing CaCO₃, double-sided blown-sponge or any other materials difficult to clean up are forbidden. Carpet must be incombustible (Class B1).
9. Stick-on decals or similar promotional items are forbidden to be stuck on any part of the building of the exhibition centre. Any cost incurred by the exhibition centre for the removal of these items and repair of any damage caused shall be borne by the contractor.
10. No open flame or combustible gas is allowed to be used in the exhibition centre.
11. No pungent glue is allowed.
12. No sawing is allowed in the exhibition centre unless at a specific location designated by the venue owner.
13. Structural plans must be provided for approval (refer to C3 "Stand Design Drawings" section) and demonstrating adequate support for the transfer or loads to the floor.
14. For the close type of stand, apart from the entrance, there should be an emergency exit with its width at least 1 metre. The emergency exit can be closed, but should be opened for emergency use any time. There should be no obstacles to access the emergency exit.
15. Structures must include built in redundancy with no single point of failure on significant loads.
16. Uprights must be fixed into a base plate with at least 2 fixing screws at the top.
17. Fixings must be adequate for the applied loads.
18. Cross bracing must be provided where there is significant potential for movement due to lateral load.
19. Wearing slipper is not allowed inside the exhibition hall.

C11 Wall of booth

1. A completely panelled stand is prohibited.
2. The location of the exhibits and the wall shall not affect the adjacent booth.

3. The closed area should not exceed 50% of the open side of the booth. Enclosed area of the open side shall not exceed 50%.
4. Wall of the open side is not allowed to be completely blocked out in case block the view of the adjacent booth.
5. Any exceptions shall be approved by the organizer and agree by the adjacent booth.
6. This term is not applicable to the booth which face to the wall of exhibition hall.
7. To ensure the visibility of the booth, fence below 1.1 meters high will be deemed as "open" type design.
8. If organizer believes that the booth design have affects to the other exhibitor, he/she reserves the right to refuse the design or request to change the design.

C13 Working At Height

Please also refer to the F. G-Guide

1. Operators who are engaged in working at height (2 metres or above) must carry out necessary safety measures against injuries that might be caused by falling, or objects being dropped.
2. When passing tools or objects, throwing is forbidden. Methods such as hand-to-hand passing, or conveyance of tools or objects by bags, or lifting up and/or down with ropes, shall be adopted.
3. Unqualified operators are forbidden to do overhead work, and it is also strictly forbidden to do overhead work after drinking alcohol.
4. **If work is above 2 metres, ladders are not allowed;** a suitable metal scaffold or working platform must be used. The scaffold/platform should be properly fitted with a guard rail, mid rail, toe board, outriggers and wheel locks. High stability is required, with a maximum height to least base dimension ratio of 3.5 (indoors) and 3 (outdoors). Workers must wear safety belt/harness and clip on to a secure anchorage point. Scaffolds/platforms may not be moved while in use or occupied.
5. Access to areas in the vicinity must be controlled to prevent persons walking or working directly under high work. Workers in the vicinity must wear suitable head protection e.g. safety helmet.

X-VENTURE

X-VENTURE

X-VENTURE

X-VENTURE

C14 Electrical Installation

Application for Distribution Box

Raw Space stand contractor must apply electrical link-up (Distribution Box) from the Official Stand-fitting Contractor before 2 August. Please see Form 08.

Connection of Distribution Box

1. The installation personnel for electric lines and facilities must hold valid electrician operation certificates.
2. Only qualified electrical materials are used in the build-up of booths (including both Shell Scheme booths and Raw Space Stands). Double-sheath copper wires and cable lines must be used, and the section of the conducting wires must be ≥ 1.5 mm. Electrical materials must be equipped with enough safe loading capacity. It is strictly forbidden to use single wires with no sheath, twist pairs or aluminum wires. As to the configuration of wires, three-phase five-wire system shall be applied for the line voltage (L1 L2 L3, N, PE) and single-phase three-wire system for the phase voltage (L, N, PE).
3. All metallic structures and shells shall have a reliable grounding. The conducting wires should be fixed in a cellular or other form instead of being randomly installed on roads, grounds or doorways. Electric lines crossing passageway shall be protected by a cable bridge. When sub-circuits are connected, insulating porcelain and plastic joints must be used instead of being wrapped directly by insulating adhesive tape before any insulation protection measures are taken.
4. The distribution box must be installed in a cable duct or in the exhibition stand. It is strictly forbidden to leave a distribution box in doorways, fire-control passages or any conspicuous place in exhibition stands.
5. Outdoor electrical and lighting equipment shall be waterproof. Safety measures such as moisture-proofing, waterproofing and weather-proofing, etc. shall be implemented. All electrical apparatus, wires/cables etc. which can be easily contacted by people shall be covered with special protection.

Electricity Supply

The exhibition centre will supply electricity to stands at 16:00 on 16 September (the time may be subject to change, and

the exact time will be broadcast two hours prior to supply). Exhibitors and contractors shall carry out inspections within those two hours to ensure conformity to the Rules of Operating Low-Voltage Electric Facilities.

Electricity Cut-off at Show Close (18-20 September)

To ensure the safety of the exhibition hall and eliminate fire risks, exhibitors and contractors must cut off electricity to all facilities (electricity to Shell Scheme stands will be cut off by the Official Stand Contractor) when the exhibition day ends. If there are stands whose electrical supply is not cut off, the exhibition centre shall turn off the power and the exhibitors and contractors will be responsible for all ensuing consequences. In the case of stands which require 24 hours power, the exhibitors or contractors must apply to the Official Stand Contractor.

Electricity Cut-off – Show Close (20 September)

Electricity will be cut off at 17:15 on 20 September. Please turn off all the facilities and exhibits beforehand, otherwise, the exhibitors and contractors will be responsible for all ensuing consequences.

Temporary Electricity Supply During Build-up and Dismantling

There is one temporary Distribution Box located at each gate in each hall. Contractors may use them during build-up and dismantling.

Electrical Apparatus

All electrical apparatus, their electrical load and sensitivity in electrical insulation must comply with the relevant PRC regulations.

C15 Painting

Large-scale painting is not permitted in the exhibition centre. However, small scale "touch-up" painting of the exhibits and stands is permitted during the move-in period with all necessary safety precautions in place. These precautions include:

1. Painting in a properly ventilated area;
2. Use non-toxic paints, non-aerosol paints;
3. Cover the exhibition centre floor with dry paper or plastic film;
4. No painting near the exhibition centre's vertical structures (i.e. walls);
5. No washing of painting materials within or surrounding the exhibition centre;

Contractors are responsible for any damage to the exhibition centre from painting and liable for the cost of restoring damage.

C16 Lifting And Floor Loading

Please also refer to the lifting section of the F. G-Guide (essential for Exhibitors with machinery exhibits)

All complex lifts using cranes or requiring a lift over 2m or a load above 5000kg must be notified to the Official Forwarding Agent in advance, with a suitable lifting plan provided. Exhibitors are required to compile a Risk Assessment and Method Statement.

Floor loading for Halls W1-W5 & Halls E1-E7 in SNIEC is 3,000kg/sqm. If there will be any vertical vibration in Halls W1-W5 & Halls E1-E7 during the exhibition period, the fore-mentioned floor loading capacity will be reduced by 50 percent. If the exhibit exceeds the mentioned dimensions, exhibitors must declare such to the Organiser in advance, and the Organiser will consult with the exhibition centre. If approved, in order to ensure safety, the exhibitor shall take appropriate measures, as per the requests of the exhibition centre, before moving in the exhibits. If NOT approved, the exhibits are not allowed to be moved in. Should the exhibitor fail to declare the overage: 1. When the over-weight amount is discovered and the exhibitor refuses to correct the situation, then the exhibitor will be expelled from the exhibition centre; 2. Should any safety problem or accident occur due to this overage, the exhibitor shall take full responsibility.

C17 Deductions from Contractors Damage/Performance Deposit (Settled by your appointed stand contractor)

Exhibitors must ensure that their appointed contractor shall observe and comply with the following guidelines. Infringement will trigger a deduction from the Contractors Damage/ Performance Deposit without prior notice.

Items	Action	Amount / Percentage of Deposit deducted
1	Contractor does not finish dismantling and clean the ground before leaving venue on move-out.	100%
2	Paint spraying, welding, using electrical saws inside the venue.	50%
3	Storage of construction materials, tools, empty boxes and/or other materials on gangway or blocking fire exits.	50%
4	Stand construction exceeds the assigned boundaries, including but not limited to plasma TV, lighting, 3-D lettering, graphics, free standing banners, etc.	RMB 500/item
5	Any main construction being built onsite deviates from the drawings submitted to the Organiser.	100%
6	All viewable stand partitions/ walls (i.e. the common side-walls bordering neighbouring stands above 2.5m) must be well finished in white panels by the end of the last move-in day (the opinion of the Organiser is final in this regard). Strictly no covering by fabric/ cloth is allowed.	RMB 2,000/wall

7	Debris, packing materials and stand materials not handled/ disposed of properly and promptly (i.e. placed outside stand area or in other stand area, gangways or blocking the gangways /fire exits) during move-in period.	50%
8	Stand construction or dismantling in an improper or unsafe manner. (e.g. pushing over high sections of stands, smashing of glass panels, using higher than 2mH ladders etc.).	100%
9	Employing unqualified/illegal personnel.	50%
10	Contractor staff smoking in venue.	RMB 50/occurrence
11	Any illegal electrical wiring connections or inadequate connections etc will be made safe and charged as per the Exhibitor Manual price (with on-site surcharge) plus Administration Fee.	RMB1,000/Administratio n Fee, plus actual cost invoiced by the official contractor
12	Transfer of contractor badges to other than the appointed contractor's staff.	RMB 200/badge
13	Screwing, drilling, painting or nailing on the panels of ready stand.	RMB 500/panel
14	All alteration or removal of ready stand fascia board must be done by the Official Contractor who will reinstall at a charge. If the fascia is damaged or lost, a reproduction cost will be incurred.	Reproduction - RMB 200/fascia
15	Damage to the venue or Official Stand Contractor's facilities (walls, doors, carpets, marble floor, hall floors etc.).	Actual cost invoiced by venue/ Official Stand Contractor
16	Any additional hall rental charges incurred due to over-time move-in and move-out.	Actual cost invoiced by venue

Remarks :

1. If penalty incurred before the damage/performance deposit is being paid, contractor must settle the penalty or all activities shall be prohibited.
2. If the damage/performance deposit is not sufficient to cover the actual cost/penalty incurred, the Organiser reserves the right to charge the Exhibitor and/or their Contractor the outstanding balance
3. If the Contractor violates the conditions/rules and regulations (including but not limited to the rules and regulations of the Exhibition and/or the Exhibition Centre) other than those stated above, the Organiser reserves the right to deduct from the deposit as deemed necessary, and also prohibit the contractor from working at all other future events organised by the Organiser. The Organiser also reserves the right to prohibit the Exhibitor from joining future events organised by the Organiser.
4. In case of disputes, the decision of the Organiser is final.

** Exhibitors should also be fully aware that, as per the Standard Rules & Regulations which form part of their contract with the Organiser, they are legally responsible any liable for their contractors and sub-contractors. It is therefore essential that exhibitors appoint an established and reputable stand .

Manuals > D Special Notice

D Special Notice

D01 Kindly Remind

1. No portable air compressors may be used in the Exhibition Centre and stands requiring it should order compressed air from the Official Stand Contractor in advance.
2. Intellectual property certificates and related documents of all exhibits should be well prepared during the whole exhibition period. If any violation against the intellectual property occurs, the Organiser reserves the right to remove the alleged infringing exhibits out of the exhibition halls. All exhibition expenses paid to the Organiser will not be refunded. To avoid any dispute, please prepare intellectual property certificates and related documents for your exhibits.
3. Exhibitors must take good care of all their personal belongings such as purses, laptops, cameras, mobile phones, etc. during the exhibition period, especially when you are having business discussion with customers. You may remind your customers of the same from time to time. Any incident of theft must be report to the Organiser immediately as it will be necessary to complete a security form and report the incident to the police.
4. If a courier service is needed, please contact China Railway Express provided by the Shanghai Lujiazui Property Management Co., Ltd at the tent outside Hall E1. Do not trust anyone who tout you their courier service which you are not familiar with.

D02 Emergency Procedures

Emergency Number

All the SNIEC Customer Service Centre +86-21-2890 6011 / 2890 6021

This number should be called **first** in the case of an emergency. The venue staff will immediately engage local fire, ambulance and police services as required, and will escort emergency vehicles through the venue.

Useful Telephone Numbers

Ambulance: 0086-21-120

Police: 0086-21-110

Fire: 0086-21-119

Use these numbers ONLY when the Emergency Number is busy or is not answered within six (6) rings.

Emergency Exits

All emergency exits are marked with green signage.

Medical

A First Aid stand provides treatment for minor injuries and common ailments.

Open: 15-20 September 09:00-17:00

In the case of an accident/injury, please take following measures:

1. Call the Emergency Number immediately, giving the exact location and details of the accident/injury.
2. If possible, help treat/comfort the injured party until qualified help arrives.

Fires

The venue is equipped with a fire sprinkler and alarm system. Portable hand-held fire extinguishers are also located at each gate inside the halls.

If you detect fire or smoke:

1. Activate the nearest fire alarm if possible and safe to do so.
2. Call the Emergency Number immediately, giving the exact location and details of the fire.
3. Leave the exhibition hall immediately by the nearest exit.
4. Close doors behind you.

If you hear a fire alarm:

Remain calm and alert, prepare at once to leave the SNIEC.

Evacuation

If you hear a fire alarm evacuation announcement or instruction:

1. Leave the SNIEC by the nearest safe exit.
2. Follow announcements over the public address system or instructions by SNIEC staff and/or fire/police officials.
3. Once outside the SNIEC, stay clear of the venue; do not return until it is declared safe to do so by SNIEC management, or fire/police officials.

D03 Intellectual Property Rights**“Protecting Intellectual Property Rights by Observing Laws and Honest Management”**

Dear Exhibitors,

In order to implement “Measures for the Protection of Intellectual Property Rights during Exhibitions” promulgated by Ministry of Commerce, State Administration for Industry and Commerce, National Copyright Administration and State Intellectual Property Office and enhance the consciousness of IPR protection, effectively curb IPR infringement during exhibitions, safeguard the order of exhibition market and build an environment of fair competition, as the organizer of this show, we strongly request all the exhibitors must refrain from publicizing, showcasing and selling any products as suspected of infringement on IPRs during exhibitions.

Should any exhibition items as suspected of infringement on IPRs are showcased during exhibition, the suspected exhibitors must fully cooperate with IPR administration department or judicial department for the investigation and bear corresponding legal liability.

Your kind and positive cooperation is highly appreciated.

Sincerely yours,

UBM Trust Co Ltd Shanghai Branch

E02 Transportation

A. From Shanghai Pudong International Airport to the exhibition centre:

1. If you take a taxi, it will take approximately 40 minutes and cost RMB 130.
2. If you take the airport shuttle bus Line 3, please get off at Longyang Road Station. The fee for the shuttle bus is about RMB 30.

3. If you take the maglev, it will take approximately 8 minutes and cost RMB 50.

B. From Shanghai Hongqiao International Airport to the exhibition centre:

1. If you take a taxi, it will take approximately 45 minutes and cost RMB 110.

2. If you take the airport shuttle bus Line 3, please get on the bus from the Renaissance Yangtze Shanghai Hotel and get off at Longyang Road Station. The fee for shuttle bus is about RMB30.

C. From Shanghai Train Station to the exhibition centre:

1. If you take the metro, please transfer from Line 1 to Line 2 at People's Square Station and get off at Longyang Road Station.

2. If you take a taxi, it will take approximately 30 minutes and cost RMB 65.

D. From Shanghai South Railway Station to the exhibition centre:

1. If you take the metro, please transfer from Line 1 to Line 2 at People's Square Station and get off at the Longyang Road Station.

2. If you take the taxi, it will take approximately 40 minutes and cost RMB 95.

E. Other ways:

If you take the metro Line 7, please get off at Huamu Road Station Exit No.5 and you can arrive at the Northern Lobby of the exhibition centre directly.
